Speaker: Mr. LAM Sun Yu, Sunny

BEng in Mechanical Engineering

BBA in Financial Services

The Lifting Equipment Engineers Association (LEEA) Registered Technician for Lifting Equipment General (LEG), and Lifting Machines Manual (LMM).

Mr. Lam is a project consultant to provide technical support on wire ropes with Engineering team to sales team and clients. He is also an authorized instructor of steel wire rope non-destructive testing machine. He also has good knowledge about lifting equipment and manual lifting machines. He is a LEEA registered technician to do lifting gear and manual lifting machines inspection.

Content :

Mak Kee International H.K. Ltd. is a leading lifting and rigging products distributor and manufacturer for more than 60 years. Mak Kee always regards product safety as her first priority. Mak Kee has 200-ton tension test benches for tensile breaking load test and proof load test, and also develops non-destructive testing device of their own brand to do wire rope inspection.

This visit will comprehensively cover the following items:

- 1. Introduction of Non-Destructive Testing for steel wire rope and case studies sharing.**
- 2. Introduction and demonstration of tensile test.**

Registration:

Please complete the reply slip and return to the Association via email admin@hkosha.org.hk. Successful application will be notified via email in due course.

- ✧ **Participants shall pay a refundable registration fee of HK\$50 to secure your attendance. We will refund the amount to you after completion of the event. Please send your cheque to "The Hong Kong Occupational Safety and Health Association". Alternatively, you may pay directly to our bank account (HSBC, current A/C No. 111-078119-001).**
- ✧ **No refund will be arranged for those who do not show up.**
- ✧ **No certificate will be issued to those who arrive 10:00 am**
